**Policy Report:**

Policy met at 1665 Dunlawton rd., Port Orange at 2pm last Sunday, February the 6th. I was the only person in attendance (which makes coming to a consensus easy). I have been working on making the policy packet easier to access and I believe it will be completed by March (next month). I have had some great suggestions and even some policy packets from other areas to help me with this process. It is my hope and desire that this will make the policy sub-committee almost irrelevant because anyone who can read will be able to find the policy (if it exists) regarding situations and questions that arise with our area.

I would once again like to encourage those other sub-committees that do not have specific policies, or even a policy at all to write and submit one. It is my belief that it is our responsibility to maintain and create the best possible situation for the addicts who will eventually take over for us and for the ones currently serving. I do not think it is an ideal situation for policy to make policy, except sparingly, as it seems to my mind to be a conflict to be both arbiter and creator of said policies. Policy should lean towards objectiveness and this can best be accomplished by allowing the rest of area to create their own policies, with their higher powers, through the use of group conscience.

I spent a great deal of time thinking about the current situation regarding the park meetings. I talked to other addicts and consulted our literature. I love the park meetings and I have done a tremendous amount of step work with my sponsor at the park right before meetings on Sunday morning. If I was a home group member of any of the park meetings I wouldn't want anyone telling me I needed to leave, and I don't even know if we have the right to do so. That being said, our 12th tradition states: Anonymity is the spiritual foundation of all our Traditions, ever reminding us to place principles before personalities. The outside world has broken the park meetings anonymity. Ours is an anonymous program for a reason, and as long as the park meetings remain in the realm of the public arena there is no anonymity for them. This is not the fault of NA or its members; it is simply a fact, and something to consider, I believe, in any discussion regarding these meetings.

I would like to thank all of you for allowing me the opportunity to show my gratitude by serving as your policy chair and regret being unable to attend this month's area. I have a new email address: [pe1goldstien@gmail.com](mailto:pe1goldstien@gmail.com), please feel free to use it for any questions, comments, or concerns.

Honor to serve, Preston
