Vice Chairperson Report –

I attended Activities on Sunday 10/4. There were 3 addicts in attendance. We began developing a budget, but decided to wait to see what would happen with the checking account so that we can be more accurate for the upcoming year. The new guidelines along with the budget will be submitted next month.

Also we began planning the 2nd annual flag football game. It will be the Saturday after Thanksgiving at Bicentennial Park. Flyers will be available at next ASC.

Also I contacted the prior Activities Treasurer and have received the checks and turned them over to the ASC treasurer.

RCM1 Report-

My name is John and I am an addict. This past Regional Service Conference was held in St Pete Beach and a lot was accomplished over the weekend. I want to let everyone know that Saturday of RSC is open to all addicts who want to get involved with Fellowship Development and the Area Support Group. Please contact me if you are interested, my contact information will be listed in this report.

AREA SUPPORT GROUP

We went directly to Public Relations Report followed by the H&I Coordinator report. This is a diversion from our suggested format because the entire format was changed for the day because we would be engaging in an Inventory of our new structure since we had been using it for one year at this point. The floor was then opened for discussion by the members of the Areas. There were 50 members present who signed in.

Discussions included:

- Need for Helpline and IT coordinator
- A second look at our IT needs and if the Technology available was being utilized to the Area's and Region's greatest advantage.
- The PR Coordinator and AD attended the FADA Conference August 12-14
- Several areas have requested the use of the PR booth. The PR Coordinator will coordinate these efforts with those areas and has asked that sufficient notice be given prior to need. Three weeks was suggested as a time frame for proper notice and subsequent coordination.
- A request was made for PR Coordinator, et al to attend a Pasco Community College Symposium on October 8th. Several Members will attend.
- A Pasco County shelter for victims of Domestic Violence and abused women requested and received an H&I Presentation.
- One Box and VBX Systems information brought forward regarding the enormous annual savings of some areas when switched to this system. Some areas resistant but continuing to gather information.
- Google Group – sign up sheet passed around for Google Business Group and Google Public group for those who were not yet signed up. Secretary will invite all on those lists and will assist with those who may need assistance
- Coordinators requested contact names and numbers of all area subcommittee chairs and vice chairs to keep lists updated and to allow coordinators to communicate better and more frequently to member areas subcommittees and fellowship development committees.

Regional Inventory of New Structure

Regional Inventory of the New Structure went quite well and an enormous amount of useful information has been collected so far. The results are reported as observations by all members participating and in no way reflect definitive or right and wrong answers. All of the information is being made available in order to further define our new structure and make attempts to make it more effective and accessible to all members throughout the Florida Region. Each table was assigned the task of coming up with 2-3 topics of importance. Each group of questions or topics developed by each table was distributed at random to the tables and then members were asked to discuss those topics. Below are the results.

Summary of Member s Inventory:

- More Defined Goals are needed for work Groups

- Area Committee Members need additional time at ASG for discussion of their Areas problems and situations
- More training and workshops are necessary to communicate to the Areas that this is not a statistical report based region as it once was but more philosophical and task oriented
- What assistance can be provided to the HRP(Human Resource Panel)
- Give HRP additional time to develop and implement best practices
- Possible two region cycle moratorium on new work groups
- Re-commit by members of work groups to better utilize communication tools available
- More learning and orientation for those members not computer literate
- Standardize templates for reporting Workgroup Progress
- Need better guidelines for the workgroups in reference to attendance, participation, communication between RSC's and how to maintain focus of workgroup on designed tasks.
- Need better communication between regions by Work Group Leaders and members of Work Groups.
- Simplify Forms, include task lists, deadlines, and ask for assistance.
- How to encourage members at large to participate
- Is service training adequate?
- Are RCMs communicating status of Work Groups to areas?
- The region has been somewhat overzealous in creating Work Groups and this is a good time to step back and take another look
- Training CDs have been produced for Trusted Servants. Are they being utilized by Areas and Groups?
- 6 or 7 task, projects completed in one year
- Define Resource Coordinators roles
- Define Admin Team role
- Go paperless wherever possible for records keeping
- Have recording secretary for Saturday Sessions.

Other topics and Ideas:

1. Encourage GSR's to attend FRSC Roundtables and encourage them to invite Fellowship Development Leaders to attend ASC's for New Structure Presentations
2. Restructure time during Work Group moratorium (if enacted) to teach "brainstorming " and other techniques and roundtable discussion purpose
3. RCM's to report on Work group Status at ASC's. RCM's to attend Area Support group meetings and Fellowship Development meeting on Saturday mornings
4. Create a work group inventory check list to begin each workgroup session
5. Utilize HRP if work group members need assistance with any part of their task or communication issues.
6. Utilize Resource Coordinators for assistance for each work group that pertains to that coordinator's scope.
7. How to encourage and teach computer literacy for all members
8. Report on financial aspect of new structure. Define how resources are being better utilized. Change perception about use of NA funds at RSC.

CAR WORKSHOP

The World Service Conference season begins with the release of the **Conference Agenda Report(CAR) at the end of November**. The Region is planning to hold **five multi-area workshops** to inform the GSR's about the contents of the report. They will be held in: St Pete, W. Palm Beach, Orlando, Gainesville, and Jacksonville.

It is my plan for the Daytona Area to work with the Orlando Area and co-host the workshop and hopefully split the costs associated with the event which is **tentatively set for January 23rd in Winter Park**. It is my hope that all or most of the GSR's from this area will attend and support the event. This will be a self-supporting event and the basket will be passed to help defer the

cost of both areas. I will be putting in a motion to secure the funds needed and I am asking for the support of the groups because after all, these workshops are put on so the every member of NA can understand the content of the CAR Report and make an informed decision when voting. When and where is the voting? Voting takes place **in March at the GSR Assembly** which is tentatively set for **Orlando**. This is your home groups chance to have your voice heard and it is important that all GSR's attend because **the final responsibility and authority for NA services rests with the NA groups (2nd Concept)**.

In a related matter, a decision needs to be made on whether each home group will be responsible for securing their own copy of the CAR Report or if the area will provide a copy for each group. (Discussion/Make a motion/Take a vote?)

PROPOSALS

Last month was the first RSC meeting that the new Consensus Based Decision Making Structure was used and there were two proposals brought to the floor: 1) that the RSC weekend be held in Lakeland for the next year, which was tabled to Fellowship Development for more discussion. 2) To create the position of Recording Secretary for the Fellowship Development meeting on Saturday and for it to be a funded position. This was tabled to the Human Resource Panel for further discussion. More will be revealed.

I am hoping to get more members involved at RSC Weekend in the future so PR, Helpline and H&I sub-committee chairs I invite you to attend and get involved on Saturdays because it can only help our area sub-committees evolve to better carry out our primary purpose. The cut off date for reservations is Oct 23rd so please let me know if you want to attend. The next RSC Weekend is Nov 20-22 at
