October, 2011 Treasurer Report:

After receiving the Function form from Tina, I noticed that I needed to make some revisions, so I am sending a copy for the person who will be tallying up the Recovery Ride function, I realize we don't have an expense but we can at least keep things in some kind of order so we can see on paper what we did or did not do for each function. I recalculated the softball tournament sheet and found an error, according to what was written we brought in \$890.00 gross. After all receipts were recalculated expenditures were \$365.96 of which \$50 was returned by ballpark. I have \$87.78 for reimbursement to Courtney for Kick balls/Energy Drinks.

Policy Report: My findings of attending the policy meeting last month were as following: that we have no policy chair, a vice chair or secretary. I reviewed the last months minutes this month and noted changes on a copy of the November 10, 2010 update since this is all that is on a cd rom. There are no updated subcommittee guidelines as of now. I will not be giving updated pages to GSR's this month because it will be less costly to make the new policy package after the new revised subcommittee guidelines are submitted to policy. Thank you DACNA subcommittee for your updated policy, although we don't have an updated copy for policy, in fact if there is a way to get a copy of it on cd rom , may we please have it. If no policy chair if found we will do our best to receive this year's policy package. I apologize for this report not being typed and I should have the equipment I need to type a report before next month's business meeting.

Thank you asc vice chair,
Robert
